

Dear Valued Patients and Friends,

It has been my honor and privilege to be your dentist and I have sincerely appreciated your confidence and trust in allowing me to care for your dental health. After 6 years of providing dental care for you and your families and some changes in my personal and professional situation, I have decided to step aside and allow another dentist to continue to provide the compassionate care and clinical excellence to which you are accustomed.

I am happy to announce that we have chosen Shane Newton D.M.D. to step into the practice and will be available to care for your dental needs in the future. Dr. Newton is from Idaho originally and has been providing dental care for Idahoans since 1997. Dr. Newton earned his dental degree from Oregon Health and Science University. With Dr. Newton's experience and education, I assure you that he will continue to provide dental care in the highest professional manner.

Dr. Newton and I have worked hard behind the scenes to make this transition seamless and having confidence in my successor has made the process that much easier. Remember, the absolute best hygienists and dental support team in the business will be still be here and continue to serve you. I know Dr. Newton will appreciate, as have I, all of the little things they do to make your visit to the dentist as enjoyable as possible.

I have always strived to provide you with the best care I could possibly deliver in a warm, caring, family-like atmosphere. I am delighted you will continue to receive the same from Dr. Newton and our friendly and caring staff. My gratitude for your support and trust and best wishes go out to you all.

Sincerely,

Brock W. Hyder, DDS
